**Annual Report
2019-20**

Chairman's message

It has been a year of challenges and finding solutions; topped of course by the Corona Virus. As we head into the next academic year, we must find even more solutions!

We started by feeding starving families and now we are concentrating on perfecting a delivery model for a digital learning platform in the slums. We are very aware that we need to keep our children engaged in education. If not, we will lose them back to the poverty cycle, which without the opportunities that we provide, will encompass our children again.

We will not let that happen.

In fact, every cloud has a silver lining. We will use this time to further enhance education through new digital learning apps, set the bar even higher, and standardize it.

Bring it on!

The Aasraa team remains focused on reaching our children even in the most difficult circumstances and are providing love, care and education.

Let me end by saying a tremendous thank you to all our generous and loving donors... we could not have done it without you! Thank you, always thank you!

Our Vision

A life with dignity for children from the streets and slums of Dehradun.

Our Mission

To break the cycle of poverty that governs the lives of children from the streets and slums

To empower them through education and vocational training combined with healthcare and education

To reach out to vulnerable children and give them opportunity, care and love

**No Unreachable,
No Unteachable Child.**

Our Core Values

PARTNERSHIP

Part of our ethos is to collaborate with other equally passionate nonprofits; for profit organizations so as to maximize our impact; create awareness on child rights and education in India

HONESTY

In all areas of our organization, we consider honesty as an integral part of our operations from financial transparency all the way through to grass roots level interactions

DIGNITY

We respect the inherent dignity and worth of each and every person, and in-turn teach all our beneficiaries this crucial understanding

CAPACITY

We believe in the innate capacity of children and make it part of our mission to empower them, and their communities

SOLUTION ORIENTED

We are solution oriented and focus on opportunities, innovation and possibilities, instead of problems or limits.

Shubham's Story

FROM AN UNCERTAIN FUTURE TO BECOMING A FUTURE ENGINEER

Surviving adversity

Shubham's father passed away when he was three. His mother works at a construction site in Dehradun. She stays with her relatives in temporary colonies due to the nature of her work. Education was never a priority in the family due to distressed financial situations.

Finding a path

When our outreach team discovered about Shubham, we immediately took him under our care. His education became our responsibility. Our shelter home gave him the love and nourishment that he deserved.

Working tirelessly for his dream

Shubham is a first-generation learner in his family. With his sheer will and untiring hard work, he broke all shackles. He was on the state's honour list for class 10th. He is presently pursuing a Diploma in Mechanical Engineering.

In January 2019, he began his journey in the professional world with a month long apprenticeship at Padmini VNA Mechatronics, one of the leading manufacturers of advanced auto components for progressive automobile industry.

His success gives us reason to work harder and illuminate the world with the light of education.

Street Level Mobilization & Community Outreach

Outreach is the lifeline of our organization

Our frontline outreach team members identify and assess the needs of slum and street children.

From inspecting vulnerable sites to ensuring maximum enrolment of the children in our programs, they work day and night to fulfill our goals.

We connect with the communities and families of our children at grassroots level

Street Smart Program

The first step of bringing children into learning

Prepares the begging, rag picking and working 'Out of School' street & slum children for mainstreaming into formal education

709 children across 8 projects

Wings of Doon Program

Regular assessment

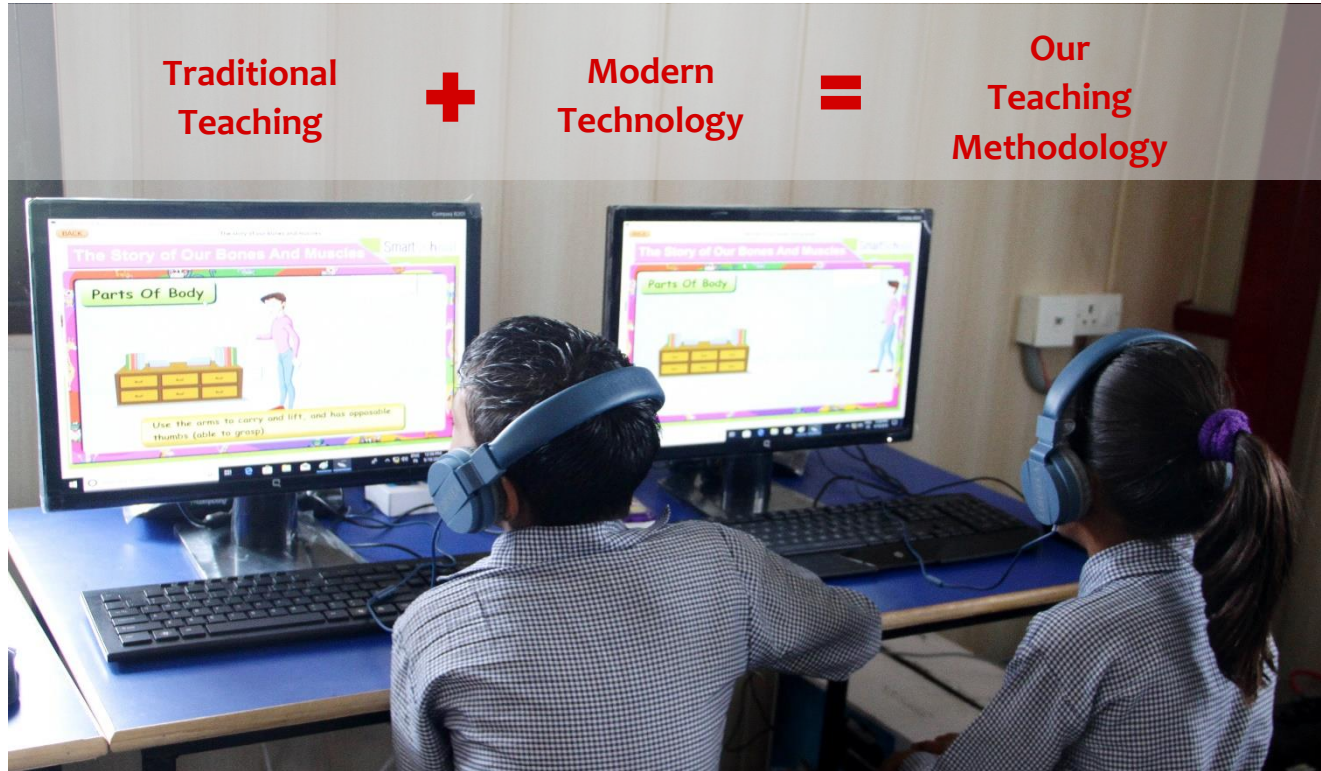

Joy of learning

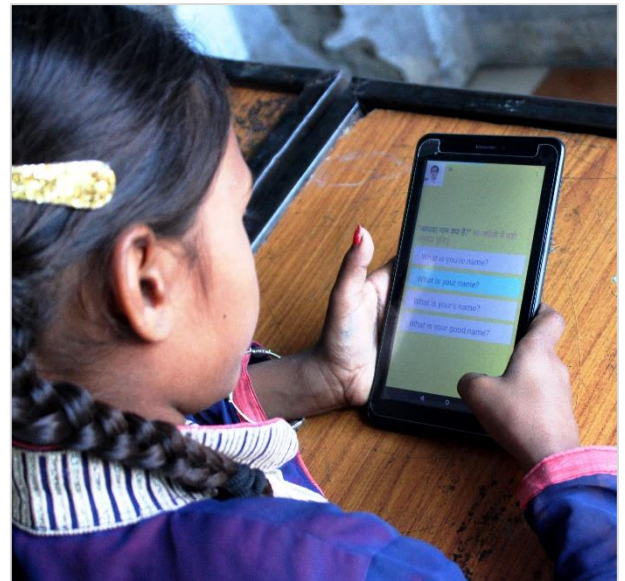

1773 children

14 projects

Computer Aided Learning

Technology is integral part of the Aasraa learning experience.

12 computer centres, 17 tablets and 21 LED screens (50-inch; dedicated to CAL)

Education on the Move Program

Our Mobile Learning Centres move across the narrow and remote lanes to make education accessible to the vulnerable children of our city.

**For
children
who
cannot
come to us,
we take
classroom
to them...
on wheels!**

5 mobile learning buses for 243 children

2 educational carts for 125 children

Dedicated teaching and support staff at all projects

**Our aim is to address the vulnerabilities of slum and street children;
while building their self-reliance and capabilities.**

Mobile Computer Labs

Aasraa's revolutionary Mobile Computer Lab has been made for maximum impact, reaching and teaching children in different situations and locations

813 children

2 Mobile Computer Labs

6 government schools

The Mobile Computer Lab bus has 10 computer systems, a power backup system and is able to hold a class of 20 students at a time.

Vocational Training Program

Education alone is not enough.

Our children must become self-sufficient citizens of our nation.

2 vocational training centres

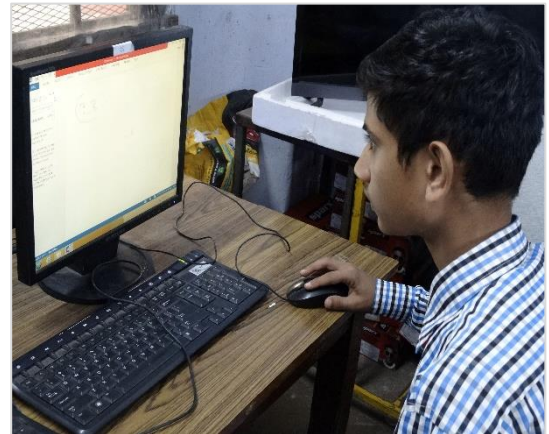

44 girls & women attend vocational training program

126 children developing skills with Open Basic Education

Certification in Computer Application (NIOS Registered)
